The mission of the South Nassau Unitarian Universalist Congregation is to provide a sanctuary of beauty and harmony where: We search in freedom for meaning and truth; we draw inspiration from many religious and philosophical sources while acknowledging the Judeo-Christian heritage of Unitarian Universalism; we embrace diversity and welcome people of all ages, races, and orientations; we affirm that our children and youth are an integral and important part of our religious family; we strive toward a social awareness that leads to transformative action in our community and to living in balance with the environment. Ours is a nurturing congregation where children and adults find acceptance and fellowship, feel empowered and grow spiritually.

Musings from the Minister

Dear friends—

This week, I am in Bethesda, Maryland for the last of a three-part course at the Center for Family Process. The Center teaches how family systems theory applies to work systems, particularly religious congregations. Rabbi Edwin Friedman was a family therapist and recognized that his synagogue functioned much the way families do. When a child, for instance, is brought to a therapist and the parents say, "Fix her," the therapist knows that it's never about "fixing" one member of the family. Rather, they try to find the dynamics in the family that are resulting in behaviors that are distressing.

In the same way, congregations—and any group of people—work as a system. This course in Maryland reminds me of how much we influence (and are influenced by) one another. I was speaking with a friend recently who is an acting teacher. One of her students was "on stage" in class, trying to do a monologue, but not doing very well. At the same time, the teacher was distracted by the other students, who were not being attentive to the one performing. She interrupted the young man on stage to ask the class to pay close attention to him and be supportive. When the young man resumed, she was amazed at how much better he was able to perform in a room where everyone was fully present with him. My friend commented, "It's amazing how the atmosphere we create helps or hinders others." How true a statement that is!

Yours in faith, hope and love, Catherine

OUR BOARDWALK

Board doings:

We continue our efforts with respect to finding a suitable replacement for Susan Nykolak. The board received a report from the Religious Education Visioning Task Force, which was discussed at our April 18, 2007 meeting. Based upon the findings of the task force, the board voted to seek an interim replacement for Susan. The interim position will be for one year and the interim will not be eligible for hire at the end of the term. In addition, the board voted to re-define the position for the interim period as "Children's Religious Education Coordinator". This person will be responsible only for the 0 through 6th grade program and would not have any supervisory responsibilities over the Youth program. Of course, this is a transitional position and may be defined and re-defined over the coming year to reflect the needs of the congregation. The board also plans to nominate a slate of members to serve as the search committee for the permanent position at a special meeting on September 30, 2007. Please mark your calendars.

On a related note, the board is crafting a hiring policy to address the concerns of staff who are also members of the congregation. The policy will be geared toward limiting staff positions to non-members only, except for extreme circumstances.

As we reviewed the budget in preparation for the budget hearing on May 6, 2007, we were advised that the cash flow from pledges is at an all time low for this point in the year. If you have overlooked your pledge, please bring it up to date as soon as possible. This will greatly assist us in preparing an accurate budget for next year.

Lastly, the By-laws revisions are just about ready for congregational approval. We anticipate presenting them at the annual meeting on May 20, 2007.

That's the update for now. For more info on the board's doings, you can find the meeting minutes in the binder in the office and on the bulletin board in the hall.

Be blessed, Jean

Chair Yoga

Are you interested in participating in a gentle yoga class but cannot easily get on the floor? You can receive the benefits of yoga while sitting on a chair or standing while holding on to a chair. Ivy Greenburg, a registered yoga instructor who teaches a popular yoga class at SNUUC, will give a free one hour talk and chair yoga class to interested members of the congregation on Wednesday, May 2 at 9:30am in the foyer. If there is an interest, they will continue for a 4 week session (price to be discussed). Speak to Bonny Levenson for more information or call Ivy 546-5827 to let her know you will attend.

How do we remember things? people? events? How are memories put together? I think perhaps that it is done with "mirrors." Through the senses, we process the essence of a memory. Is someone gone from us simply because they are not in a body any longer? This is a somewhat controversial subject for UU's as it addresses one's concept of spirit, or soul. I personally find "soul" in art and music and in the love and camaraderie between people. Smells, sounds, sights, feelings feedback, mirror or make memories for me.

This is the time of the year that we may honor the memory of Donald Brantley and Richard Hagan. The anniversary of Don's death is in early May. For those too new to remember, Donald was a special friend to us at SNUUC before his death in 1994, and then after it through his generous bequest to RE. All of our RE furniture had been purchased through this endowment. Our Youth Advisor Program had been seeded by it as well. When he was with us in body, Donald composed very beautiful music for SNUUC RE plays and performed for us at services and at coffeehouses here. I miss him and I know others here do as well. I want us to remember him. We had the RE wing piano keys redone through the bequest particularly because he liked to play that piano.

When I play a piece of his taped music for the children during service, it gets very, very quiet. Most of the children are too young to remember him, but his love and "soul" seemed to emanate from the music as they listened raptly. I tell them about Donald and Ritchie; show pictures of him and tell how his generosity and love for us has manifested all around us in RE. They are moved. They share about pets and people whom they loved and lost, and how they still felt their presence somehow, through memories. We have a moment of silence to remember those whom we wish to remember. It is again, very, very quiet.

As we near the end of our year together, it reminds me of Joni Mitchell's song, "Circle Game". Marilyn Magnussan was the minister when I joined SNUUC in 1988, and that was her favorite song. She has also passed on. This is a time of endings and beginnings here at SNUUC. May our memories stay with us as we make our transitions.

See you at our many events this season.
Fondly, Susan

What a great way to start Earth Day!! My green hat is off to the members of the Jr. Youth Group and Catherine for sharing an informative, caring, special service. It was an amazing transformation to see these super charged energetic youth so mature; dressed beautifully, and speaking clearly, loudly and professionally. I am so proud of every one of them! They should all beware, now that the congregation knows what they are capable of! After the service many members of the congregation went to lunch at the Solar Café to continue their celebration of Earth Day. In the words of Corey Bilello "We all need to change the we could to WE SHOULD!" While Earth Day is still lingering in our minds and hearts, lets do a little more to take care of it. Shouldn't Earth Day be every day?

The May Foyer Art Show is quickly approaching and ALL are invited to be part of it! The art show for May will feature works from the yearlong seminar that Susan Nykolak and I facilitated. This was a spiritual journey through meditation and art to create collages of our inner thoughts and conquering our obstacles so we can get a clearer look into our future. The Youth are going to have this fabulous opportunity to indulge in this process on April 29 during RE time, so please bring magazines, photos and mementos that you would like to include in your collage. Everyone of all ages is invited to participate with us. The art reception will be held on May 18. Everyone is invited and musicians are needed, please contact Billur Weigell for more information.

Looking forward to the May 6 service from the Senior Youth. I overheard them talking about music and how it effects them and us spiritually. Sounds like a great service in the making with youth playing music and sharing readings and thoughts. Mark your calendars now, seats will go fast!

Yours In Faith & Fun!
Paula Rosenberg
